Date: 3/10/2025

Time: 4:30

Location: LEEP and Teams

Objective: Complete ER diagram

Team Members Attended: Anna Ross, Sriya Annem, Kaden Huber, Hart Nurnberg, Audrey Pan, Sabeen Ahmad

Tasks Allocated: Try to look through your entities and make sure the relationships are clear and connecting to a existing object/entity

Follow-Up Actions:

Task Completion Confirmation: We did all complete the relationships and creating entities for our respective parts.

Github Repo Management: Completed by Hart

Next Meeting Date: Wednesday @ 9am LEEP

Meeting Notes
- We are using LucidChart to make our ER diagram
- Conceptual Model is quite wonky need to fix
  - make sure its consistent
- Sriya is pairing with Anna since we don't have enough free users
- We will try to meet friday as well to clean this up
- We created all the entities now need to create relationships
-
